

“Autos for Life” Closes in on Goal

Pro-lifers are truly astounding people! This sentiment has been seen once again by the outpouring of support for National Right to Life’s “Autos for Life” program. Last month, we issued a challenge of 30 vehicles a month through the end of the year, and pro-lifers DEFINITELY stepped up to the plate!

We haven’t quite reached our goal yet, but we are closing in on it! As our supporters know, this is a very critical time in the pro-life movement. We have seen our educational efforts play a major role in the reduction of abortions each year, and believe that through education, we will continue to see those numbers decline even more.

But we can’t do it without your help. Donating your vehicle to “Autos for Life” is a great way to help save the lives of countless unborn babies, AND your gift is fully tax deductible for the ENTIRE SALE AMOUNT!

Donated vehicles can be of any age, and can be anywhere in the country! We’ve received everything from economy cars to luxury cars and classics, as well as boats and RVs! All that we need from you is a description of the vehicle (miles, vehicle identification number [VIN], condition, the good, the bad, etc.) along with a few pictures (digital photos preferred, but other formats work as well), and we take care of the rest! You don’t have to bring the vehicle anywhere, or do anything with it, and there are no piles of paperwork that need to be completed. The buyer picks the vehicle up directly at your convenience!

We are asking for your help in achieving our goal of 30 vehicles per month through the rest of the year. If you or someone you know has a vehicle to donate, please contact David N. O’Steen, Jr., at (202) 626-8823 or dojr@nrlc.org.

This is a very achievable goal, and your donation is needed now more than ever! We’re counting on the continued generosity of the pro-life community to make it happen. Please contact us today, and together we’ll continue to build a Culture of Life in America!
